SOM Safety Awareness & Preparedness Initiative

Hello SOM Community,

The School of Medicine is launching a Safety Awareness and Disaster Preparedness Initiative to strengthen safety knowledge and emergency readiness across our community.

Beginning in March, we will start with a brief Emergency Preparedness Survey to assess current awareness and identify opportunities for additional training.

Throughout the year, initiatives will include:

- Safety Training & Safety Walks
- De-Escalation Training
- Active Shooter Training
- RAVE Emergency Notification Testing
- Fire Drills
- Disaster Preparedness Resources.

Additional details and scheduling information will be shared soon.

Thank you for your continued commitment to maintaining a safe environment for our community.

Best,
